SPECIAL ISSUE

DRAINAGE BASIN DYNAMICS AND MORPHOLOGY

Editorial 1

Landscape fragmentation and soil cover changes on south- and north-facing slopes during ecosystems recovery: an analysis from multi-date air photographs
M. Shoshany 3

Fluvial adjustment of the Lower Jordan River to a drop in the Dead Sea level
M.A. Hassan and M. Klein 21

Channel response to increased and decreased bedload supply from land use change: contrasts between two catchments
G.M. Kondolf, H. Piégay and N. Landon 35

Contemporary channel changes in the Eygues basin, southern French Prealps: the relationship of subbasin variability to watershed characteristics
F. Liébault, P. Clément, H. Piégay, C.F. Rogers, G.M. Kondolf and N. Landon 53

The role of base-level change in the dissection of alluvial fans: case studies from southeast Spain and Nevada
A.M. Harvey 67

Using ^{10}Be and ^{26}Al to determine sediment generation rates and identify sediment source areas in an arid region drainage basin
E.M. Clapp, P.R. Bierman and M. Caffee 89

Quantifying sediment transport on desert piedmonts using ^{10}Be and ^{26}Al
K.K. Nichols, P.R. Bierman, R.L. Hooke, E.M. Clapp and M. Caffee 105

Red sedimentary units as indicators of Early Pleistocene tectonic activity in the southern Negev desert, Israel
H. Ginat, E. Zilberman and R. Amit 127

Fluvial systems response to rift margin tectonics: Makhtesh Ramon area, southern Israel
R. Ben-David, Y. Eyal, E. Zilberman and D. Bowman 147

Vol. 45, Nos. 3–4

Research Papers

Regolith stripping and the control of shallow translational hillslope failure: application of a two-dimensional coupled soil hydrology-slope stability model, Hawke's Bay, New Zealand
S.M. Brooks, M.J. Crozier, N.J. Preston and M.G. Anderson 165

The role of salt weathering in the origin of the Qattara Depression, Western Desert, Egypt
M.A.M. Aref, E. El-Khoriby and M.A. Hamdan 181

The origin of the Sierra de Aracena Hollows in the Sierra Morena, Huelva, Andalucia, Spain
J.M. Recio Espejo, D. Faust and M.A. Nuñez Granados 197

Fluvial sediment transport and deposition following the 1991 eruption of Mount Pinatubo
S.K. Hayes, D.R. Montgomery and C.G. Newhall 211

Erosion, isostatic response, and the missing peneplains
J.D. Phillips 225

Stream bed stabilization using boulder check dams that mimic step-pool morphology features in Northern Italy
M.A. Lenzi 243
Relations between interrill erosion processes and sediment particle size distribution in a semiarid Mediterranean area of SE of Spain
M. Martínez-Mena, V. Castillo and J. Albaladejo 261
Velocity profile of a sand cloud blowing over a gravel surface
Z. Dong, H. Wang, X. Liu, F. Li and A. Zhao 277
Hydraulic and sedimentary controls on the availability and use of Atlantic salmon (*Salmo salar*) spawning habitat in the River Dee system, north-east Scotland
H.J. Moir, C. Soulsby and A.F. Youngson 291
Small valley bottom deposits in the sandy districts of the Sarthe basin (France): climatic and/or human origin?
J.P. Larue 309
